VISION & MISSION

Seeing the developing potential of Vietnamese tea industry, we aspire to bring the essence of high quality Vietnamese tea to international friends around the world and empower Vietnamese tea industry.

Our Stories

Our passion for Vietnamese agriculture products led us to establish our own 10 hectares of green tea plantations cultivated naturally in Phu Tho province. We partnered with leading researchers from **Northern Mountainous Agriculture and Forestry Science Institute (NOMAFSI)** to preserve various types of excellent tea trees of Vietnam - ensuring the best quality of our tea products. In 2022, we built our own chicken farms to create stable source of **organic fertilizers**, creating a sustainable farming model that delivers the best products to our customers.

**Our green tea product
in our tea company's
garden is grown with of
organic fertilizers and
hand-picked to ensure
the best quality for our
customers.**

**Our chicken farm
factories can
supply from 300 to
500 tons of organic
fertilizers annually**

Besides growing our own tea garden, we also collaborate with local farmers to source bulk tea for export with competitive price. Ngoc Thanh Son Tea always encourages local farmers to cultivate tea sustainably.
